Dis No 15/1953-54

Sir

Sub:- Road seashore — Hangankatta to Coondapoor kodi for development of fishing — Requested.

The fishermen community of these parts live and work mainly in the seashore. Their trade and business is very much handicapped for want of any good roads. The coastal road from Coondapoor to Kodi runs at a distance of 2 miles from seashore and there is no good road to seashore from the coastal road also.

The fisheries industry is being developed now as a part of Five year plan. To achieve the good object in the country we should see that proper facilities are given to the fishermen. So a good road from Hangankatta to Kodi [illegible] seashore is quite necessary for the movement of fishermen, fish and [illegible] So it is requested that [illegible] may be [illegible]

This panchayat has passed a resolution in this regard which is enclosed for reference.

Such a road will be very useful for improvement in the fisheries industry. The road so laid near the sea shore has to be connected to the existing coast road between Coondapoor and Kapu so that movement of transport vehicles carrying fish etc. There is a Panchayat road between Kumbashi and Kodawadi near sea shore. This is the only road existing between the coast road and sea shore from Hangarakatta and Coondapoor. This road may be taken over by the Government and developed as a link between the proposed road and the existing road. This Panchayat is willing to handover the road to Government for development.

It is requested that the proposals may be given due consideration and action taken.

Yours faithfully

K. Shekara Shetty
